FROM OUR PRINCIPAL

Hello everyone!

Well done to all of our Primary students who have participated in this year’s annual swimming lessons! The weather has been a little cooler in the mornings and it was great to see the enthusiasm of students continuing on with their lessons!!

This week all students have settled well into the routines of subjects and classes, and both class teachers and subject teachers are sending home information notes specifically to do with the work studied and student requirements for lessons. A part of this information will include class expectations and how the values are to be enacted. This work follows on from last week’s whole school program of a healthy approach toward learning.

You will note that in our newsletter this week we have included our expected school uniform. It has been a positive start to the year with the uniform code being followed by most students, so well done! Please see Vanessa Macdonald in the admin area for your uniform requirements. We have some secondhand uniform items for sale also!

Welcome to our Numeracy Coach working with us this year from our Clare Regional Office - Nic Dale! Nic comes with a wealth of experience in curriculum and in particular programming, planning and working with staff to implement the Australian Curriculum. Nic will be focussing on working with our Year 6 to Year 9 cohort teachers and whole staff, with improvement processes toward learning.

Have a great week everyone!

BUS TRAVEL

Please send a note or ring the school if your child is present at school but will not be travelling home on the usual bus. If you come to collect your child without having notified the school, please speak to the driver or the staff member on duty, usually Glenys Morison or Terry Sloper. We seek your co-operation in having accurate information before 2:45pm about students who will not be travelling home by their usual bus. Some children are permanently marked off the bus if they have regular sports practice/work commitments. Could parents please let us know if and when these activities cease so we can make the appropriate amendments to the bus lists.
